Statement of Qualifications	15%
The proposer's demonstration of a full understanding of the services requested, and their ability, capacity, skill and personnel resources to provide those services.	
Preliminary Scope of Services	15%
The quality and clarity of the proposed scope of services, and the degree to which the proposer demonstrates a unique, creative, and coherent approach to the project, while fulfilling the intent of the project objectives.

Total Cost	30%
TOTAL PERCENT AVAILABLE:	100%

An evaluation committee of qualified City Staff or other persons selected by the City will conduct evaluations of proposals. It may be a two-step process. In step one; the committee will evaluate all responsive proposals based upon the information and references contained in the proposals as submitted. The committee will score and rank all responsive proposals and determine a minimum of three (3), if more than three (3) proposals are responsive, to be finalists for further consideration. In the event there are less than three (3) responsive proposals, the committee will give further consideration to all responsive proposals received. In step two, the committee may then conduct discussions (oral presentations), for clarification purposes only, with the finalists and re-score and re-rank the finalists' proposals. The evaluation committee may then make a recommendation, resulting from this process, to the City Manager for award of a contract.

The City may require visits to customer installations or demonstrations of product by Contractor's, as part of the evaluation process.

The City of Fort Lauderdale reserves the right, before awarding the contract, to require a

Proposer to submit any evidence of its qualifications as the City may deem necessary, and to consider any evidence available of financial, technical and other qualifications and capabilities, including performance experience with past and present users.

The City of Fort Lauderdale reserves the right to request additional clarifying information and request an oral presentation from any and all Proposers prior to determination of award.

The City reserves the right to award the contract to that Proposer who will best serve the interest of the City. The City reserves the right based upon its deliberations and in its opinion, to accept or reject any or all proposals. The City also reserves the right to waive minor irregularities or variations to the specifications and in the bidding process.

The City uses a mathematical formula for determining allocation of cost points to each responsive, responsible proposer. The lowest, responsive, responsible proposer receives the maximum allowable points. When using this formula, a proposer that submits a cost or fee which is two times greater than the cost/fee of the lowest responsive, responsible proposer, will result in receiving zero points for cost.

2^{nd} lowest cost minus lowest cost = X

X divided by lowest cost = Y

Y times the total number of cost points = Z

Total number of cost points minus Z = points assigned to 2^{nd} lowest vendor and so on.

PART VI - REQUIREMENTS OF THE PROPOSAL

If publications are supplied by a proposer to respond to a requirement, the response should include reference to the document number and page number.
